Dear Karikalan, Parents

Greetings from Elina! By this email, we acknowledge receipt of your application. At this time, we would like to reiterate the objectives of Elina: There is a strong need to spread awareness about inclusion and address a large number of persons that are currently not served meaningfully. Elina is an advisory and referral centre, aiming to proliferate inclusion and bring more equity in society.

Elina is a curated and growing network of professionals in the field of inclusion & disability. Our network includes Occupation Therapists, Speech Language Pathologists, Art therapists, Psychiatrists, Psychologists & Special Educators.

Methodology:

The underlying learning is through all the evidence-based research-work that we have done at HLC the Social Incubation Centre.

Our philosophy is that 'Any child can learn'. We can ensure that no child will be left behind if

- We identify his/her needs
- Connect him/her to a team with the right expertise
- Establish proper communication channels among the stakeholders
- Coordinate the child's care & development

Please note that enrollment in Elina or availing services from Elina does NOT relate to admission into HLC School. Elina provides a flexible learning program for your child that is tailor-made to suit his/her needs.

Elina would not be providing the following services

1. No direct influence in school admissions or their admission policy.
2. Any direct therapy or intervention session this includes the service payment.
3. Any medication or related services.
4. Any transport or logistic services.

It will involve the child learning at different locations as per expert availability and the child's own needs. We are here to help.

We understand that you have to pay a fee of Rs.500 at the Registration Fees as part of the ISMS Web portal which is non-refundable.
